A 2-Day Social Confidence & Career Accelerator for International University Students in Melbourne

studytourmelbourne.com.au/programs/real-world-ready

Built for international students.

Most weekend programs aren't built for you. This one is. Every workshop, every roleplay, every scenario is designed around the gap between what you've already learned and what you actually need to thrive in Australia.

01 Practical, not motivational

No 'believe in yourself' speeches. Every session is skill-building with real practice and live feedback.

02 HR speaker on Sunday

An actual recruitment professional joins you Sunday morning. They tell you what they look for — and what international students get wrong.

03 Mock interviews with feedback

Real practice on the questions every international student gets — visa, employment gaps, why Australia. Without flinching.

04 Small cohorts (15–25)

Direct, individualised feedback during roleplay. You won't disappear into a crowd or feel anonymous.

05 30-day action plan

You leave with a concrete written plan. Not just notes. A framework with check-in points for continued growth.

Three pillars. One focused weekend.

01

Conversation & Confidence

02

Personal Development

Self-awareness, time management, goal setting, and constructing a professional identity that's authentically yours and works in Australian contexts. Body language, first impressions, your story. The cultural communication norms nobody warns international students about.

03

Career Readiness

- Understand Australian social and workplace expectations and cultural norms
- Initiate and maintain conversations with new people without overthinking
- Walk into a job interview prepared — including the awkward visa/employment-gap questions
- Position yourself as an international student in the Australian job market (instead of feeling like one)
- Articulate a clear professional identity and personal narrative
- Execute a concrete 30-day plan for continued growth

Reserve your weekend.
